**At Panzeri we strive to be among the leading specialist in sportswear design and production, our legacy:**

#### FABRICS

Designed and produced in our own mill, we have many years experience in the treatment of cotton, our high specifications make our branded fabrics both colour fast and shrink resistant. Customers rely on these essential requirements, this is why our clothing range is so popular in sport, leisure and jogging.

#### INNOVATIVE DESIGN

We produce attractive and functional clothing for many sports clubs and teams at the top of their game, our synthetic fibres are non-skin irritating, easily laundered, most importantly keeping their shape and aesthetic look. Our digital system allows us to give all these features combined with a personalised design and cost effective price.

#### EXTENSIVE RANGE

Year on year we add to our model range, our catalogues now offer about 110 shirts, 50 pairs of shorts and 20 tracksuits, this is in addition to a widening choice of sports bags. Many of our models are designed for specific sports, in most cases they are also compatible for general sporting use, all models come in 10 sizes, 27 colours and a range of materials.

#### BESPOKE DESIGN

We produce garments directly to the customers specifications, colours and models are tailored to the requirement, offering endless permutations. This personalisation gives clubs and teams a unique identity which reflects in all they do, sponsors and partners are encouraged by their professional image and quality presentation.

#### GUARANTEED REPEAT SUPPLY

All models produced can be repeated at any time in any quantity even though they may not be current catalogue models, all customer designs are recorded on our database for reproduction at any time. Over the years we have collected more than 20,000 individual designs from associations, advertisers and promotion companies, this information although costly to administer provides a worthwhile service to give total longevity of a club or team image.
